### PLATFORM RIDE

Anteo® REP33 and REP44 Tuckunder platforms tilt to level before leaving the ground, and the platforms remain level throughout their range of motion. The Anteo® REP25 offers a standard-ride, starting level with the truck then gradually tilting to ground level.

### POWER-DOWN & BED-EXTENSIONS STANDARD

Power Down comes standard on all Anteo® Tuckunders and offers consistent movement of the platform when lowering. Bed-Extensions, Platform Flags, and a Fixed Toggle Control also come standard on every Tuckunder model. A Bumper Bar comes standard on all REP 33 and REP44 models.

### SLEEK & LIGHTWEIGHT

Lifting more than 5x its own weight, the Tuckunder packs 2,500-4,400 lbs lifting capacity in a sleek, compact package.

### OPTIONS AVAILABLE

Optional platform lights, foot controls, galvanizing, and more make the Tuckunder highly customizable.

## THE NEW ANTEO® USA

With over fifty years of hydraulic industry experience, the latest in liftgate technology, and a commitment to research and quality improvement, Anteo is a truly global name in liftgates.
